Green Paper – Community Consultation Questions

Name and contact details (optional)

Page 6  •  Is the Tasmanian health system all it should be, or should we be open to change in order to improve outcomes for all Tasmanians regardless of where they live?

Response: Be open to change but the community must be kept informed at all times

Page 16  •  How would you find out about what travel support, information and services are available to you to get the right care, by the right person, the first time?

Response: By a single web site within the Health System

Page 16  •  If you are already a user of these services, are they sufficient?

Response: yes

Page 17  •  If it improves the quality and safety of care, do you agree we should limit the number of sites at which some services are provided?

Response: yes as long as we are kept informed of the changes and the reason

Page 17  •  If yes, what should we consider in deciding where a service is located and what support needs to be considered to ensure patients have equitable access?

Response: Major surgeries non urgent
Page 22  •  What services do you currently receive in a hospital setting that you think could be safely delivered in your community?
Response:  None yet

Page 23  •  How can we better help you understand the standard of care you are entitled to, and support your involvement in your healthcare decisions?
Response:  Forums within the community information

Page 24  •  What public-private partnerships should we explore for the delivery of health service in Tasmania?
Response:  None due to costs to the community

Any other comments?
