- in the case of a government department or public hospital, the applicant must be a natural person e.g. CEO of a public hospital, Secretary of a department, or a person with the appropriate delegation.

If you intend to do any or all of the following, then you are 'dealing with radiation apparatus' and require a licence: acquire, possess, store, use, manufacture, sell, install, service, repair, dispose of.

1 The application must be in writing and an invoice for the prescribed application fee of $202.24 (this fee is non-refundable) will be issued on receipt of your application.
